

CIRQUE Cruise Cat

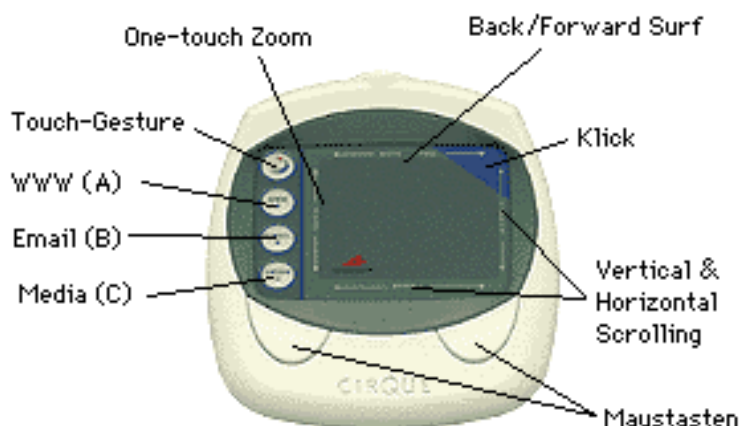

The Internet Touchpad

Description

Simple one-touch commands make Cruise Cat a must-have for Internet Enthusiasts.

Launch your web browser, open e-mail and pop up multimedia controls with just the touch of a finger.

- | | |
|----------------------|--|
| Back & Forward Surf | There is no need to click-click-click the "Bach/fwd" buttons - Just sit back and surf! Glide your finger left or right to page through web sites. |
| Touch-Gesture Button | Programm fingertip-drawn letters and symbols to view bookmarks, open files, activate shortcuts and more. Custom commands are easy to create and use! |
| Taps for "Clicks" | Finger taps in the blue area activate right "clicks"; taps in the larger gray area activate left "clicks". A comfortable alternative to using buttons. |
| One Touch Zoom | Glide you finger up or down to magnify or reduce documents in most Windows applications. Take a quick look at the layout or a close peek at a detail. |
| Virtual Hot Buttons | A touch of the finger will launch you browser, open e-mail or change media settings. Buttons are also programmable! |

Specification

Mechanical data

Dimensions: 126 x 125 x 12 mm
Weight: 0,139 kg
