

Fujitsu Takamisawa FKB 4726

Traditional IBM-type keyboard with great tactile feedback

**Description**

If you miss the old quality and feel of your old IBM keyboard, this is the one for you!

This keyboard is designed for heavy use and has a lifetime of over 30 million keystrokes per key.

For especially rough environments we suggest the keyboard protector, that protects the keyboard against water, dust, ashes, bread-crumbs and most other objects that could damage your investment.

Specification**Mechanical data**

Dimensions:	485 x 205 x 39,3 mm
Weight:	1,86 kg
Housing:	Plastic
Color:	computer grey

Keys
