-
- Drawer for front panel
- This version of the GTG-71 or GTG-62 is built into a durable metal drawer - complete with integrated controller.

The drawer can easily be installed behind a rectangular opening in any front panel. The keyboard needs only little space because it has an extremely flatt 1 HE profile and compact masses.

If you pull out the keyboard, it folds down a bit, whereby it is to be served more easily. Two screws serve for locking, when the drawer is closed.
