

GTL-80 Series

Programmable industrial keyboard with 80 relegendable keys and optional integrated magnetic card reader

KP1103

KP1104 - KP1108

Description

High-quality keyboard from the area of the POS keyboards. This keyboard is characterised by the following features:

- The keyboard is freely programmable. Each key can be occupied with up to 15 key codes. That is why it is possible to release a series of key combinations just by pressing one key.
- Three different key caps are optionally available in different sizes: simple, double and fourfold. They can be individually labeled by the user. Different layouts thus become realizable.
- Key log in order to protect the keyboard against unauthorized use.
- An additional AT interface makes it possible to connect a second keyboard. For example you can use a standard keyboard at the same time with the GTL series.
- A magnetic card reader can optionally be integrated with either one, two or three tracks.
- Durable Cherry MX-switch.

Specification**Mechanical data**

Dimensions:	245 or 245 or 245 x 215 or x 215 or x 215 x 35 or x 65 or x 65 mm
Weight:	0,99 kg or 1,0 kg or 1,000 kg
Housing:	Plastic
Color:	computer grey
Cable Length:	150 cm or 150 cm or 150 cm

Keys

Key Technology:	micro switch
Number of Keys:	80 or 80 or 80
Keyboard Layout:	free
Operational Life:	20 mio. keystrokes min. or 20 mio. keystrokes min. or 20 mio. keystrokes min.
Key Legend:	relegendable
