

KFW-105-PS2-GER

Membrane keyboard in a 19" with or without Touchpad

Description

Application fields:

This keyboard is meant for application in 19" boards. It only uses 1 HE. Because of the waterproof housing this keyboard is particularly well suitable for rough applications in industry.

A lock is integrated to avoid tampering with the connected PC

The pulled out drawer can be bent downward up to 20°

Special features:

- integrated in a 19" board, which only uses 1 HE
- drawer can be bent downward up to 20°
- coloured membrane
- [PS/2](#)-controller
- the lock and two keys are standard
