

Cirque Kiosk Touchpad Series

Three Touchpads designed especially for kiosk environments.

Description

Applications:

For all kiosk environments where a water and dust proof pointing device is needed.

Characteristics:

-
- The front of the [Touchpad](#) offers integrated scrollbars, 1 or 3 additional keys that can be programmed to emulate the mouse keys and the actual cursor control area.
- The virtual keys have a raised rim, but have no tactile feedback. This makes these keys especially robust and resistant against the ingress of dust and liquids.
- The level of protection of the foil area is a minimum of IP65 / NEMA4
- The evaluation kit includes: One touchpad, an external button-board with two mousekeys, a [PS/2](#) interface cable and an adapter to serial.

Specification**Mechanical data**

Dimensions:	117 x 69 x 5 mm
Weight:	0,032 kg
Color:	black
Cable Length:	180 cm

Electric Data

Interface:	PS/2
Operating Voltage:	5 V

Temperature

Operating Temperature: from 0 °C to +50 °C

Order No.	Article	
TM1014	TMC-Kiosk-Lg-1	big, one key
