

**KSM-89-Series**

Compact Keyboard with integrated  
Glidepoint touchpad.

**Description****Examples for usage:**

Very useful for areas which require an integrated [Touchpad](#).

**Special features:**

- This compact keyboard has a high-quality Glidepoint Touchpad and two mouse buttons, which are integrated in the palm rest.
- The mouse pointer is moved by moving the finger on the Touchpad surface. An additional mouse is no more needed.
- The keyboard fits into 19" drawers due to its compact, super flat design.
- The large hand rest reduces the strain on the wrists to a minimum.
- The keyboards are available in grey, black or aluminium design.
- The keyboards works with plug and play installation. there is no need to install separate drivers

**Specification****Mechanical data**
