

KSQ-102-Kompakt

Compact keyboard, for use in rough industrial environment.

**Description**

The KS-102-Kompakt has a full MF-102 layout in a compact housing. Despite the smaller dimensions like a conventional keyboard the number block as well as the function keys are separated from the main key field.

The connection is possible to the AT interface or at [PS/2](#) with an adapter.

High-quality rubber switches give a pleasantly soft switching feeling to the keys.

Specification**Mechanical data**

Dimensions:	403 x 171 x 35 mm
Weight:	0,97 kg
Housing:	Plastic
Color:	computer grey

Keys

Number of Keys:	102
