

KSS-GTL-105-Drawer

Keyboard drawer for keyboards of the GTL-105 series

Description

Applications:

This keyboard drawer was especially designed to hold keyboards of the GTL-105 Series. The depth of the drawer is only 17cm and therefore not as deep as others.

Characteristics:

- Sturdy metal construction
- Water- and dust-proof to IP65 when closed.
- Mounting depth 17cm
- The faceplate can also be delivered in other colours on demand.

Specification

Mechanical data
