

## KTA-82 Backlit Keyboard with integrated Trackball or Touchpad

Waterresistant Table Top Keyboard with Brightness Control

### Description

The KTA-82 backlit version is ideal for applications such as car or truck use as well as industrial control in rough environments or in darkened environment or areas with extreme temperature range.

Every keycap has an LED backlighting and withstands about 50 million keystrokes. Due to the integrated brightness control the keyboard can be used for data input in darkened environments.

### Features

- All keys with red low current LEDs (others on request)
- Mechanical key switches with gold cross point contacts
- Available with integrated [Trackball](#) or [Touchpad](#)
- About 50 million operations with a lifetime of over 10 years
- Tactile full travel key switches
- Water resistant splash guard (MIL Std 810)
- 4 mm key stroke
- Wide temperature range
- With [USB](#) port
- International country versions available

## Specification

### Mechanical data

Housing:	Plastic
Degree of Protection:	IP65
Color:	black
Dimensions:	305 x 197 x 24 mm
Weight:	0,94 kg

### Keys

Key Technology:	gold plated
Number of Keys:	82
Keyboard Layout:	German
Operational Life:	50 mio. keystrokes min.

### Electric Data

Interface:	<a href="#">USB</a>
Operating Voltage:	± 5 V
Operating Current:	220 mA

### Environment

Operating Temperature:	from -40 °C to 70 °C
Storage Temperature:	from -55 °C to 85 °C

### Guarantee

Certifications:	CE, FCC
