

KTQ 95-with integrated trackball

Standard keyboard with integrated trackball

Description

A [Trackball](#) which is compatible with Windows is integrated in the KTQ-95 keyboard. All functions of a mouse are offered to you without using important space on the desk. The practical trackball minimizes the movements of your for more comfort.

You find the keys which control the cursor above the trackball.

The keys of high-quality give you soft touch.

The trackball has large keys and is thereby comfortable in usage. The resolving is variable from 20 to 6400 dpi in which one dot on the display can exactly be pointed at with the mouse pointer. But also you can cross the whole display with a short movement.

Specification**Mechanical data**

Dimensions:	474 x 190 x 35,5 mm
