

**KWM-105-T-PS/2-Ger Set
Silicone Keyboard in IP 65**

Robust Keyboard for use under extreme circumstances with adequate external mouse device

Description

Because of the robust rubber style the keyboard is intended for use under extreme circumstances. It is especially applicable in many different locations like hospitals, chemical or food industry.

The KWM-105 is easy to clean and comes with an adequate silicone mouse device. The silicone mouse is comparable to the keyboard concerning dust and water resistance in IP 65. With [USB](#) or [PS/2](#) interface.

Features:

- Completely dust- and waterproof to DIN IP 65
- Measurements only 445 x 175 x 11 mm
- Light weight of about 900 g
- Ideal for industrial, production, medical and nautical environments
- Stable rugged bottom
- Comes with adequate mouse device
- With USB or PS/2 interface
