

Really Cool - Silicone Keyboard for 19" housings in IP 68

Dust- and contaminant-free resistant Keyboard especially for medical purposes

Description

The ReallyCool is a water-resistant and contaminant proof keyboard. The sealed and rigid surface is ideal for industrial, marine and medical use, as well as other applications where moisture, cleaning and durability are a consideration. It comes in a compact 19-inch size.

Features

- Because the ReallyCool is also quieter than standard keyboards, they are great for applications where noise generated from 'key-clicks' is a problem. Each key integrated in the sealed and rigid surface offers a great tactile feedback.
- Sealed silicone [Design](#) for dust-free, contaminant-free and waterresistant use in DIN [IP 68](#) (proved according to directive EN 60601) - Please note certificate below
- Cleans with a variety of disinfectants
- Tactile feedback similar to standard keyboards
- IP 68 certificate - please note below mentioned link
- EN/ICE 60601-1 certificate - please note below mentioned link
- Optionally with background lighting available
- Separate silicon mouse available

Please notice the below mentioned cleaning constructions.
