S-Series

Vandalism proof key modules

Description

The Storm 1000 series is particularly characterised by the substantial design from poured steel. So this keyboard is particularly conceived for the application on hardest environmental conditions. It is available with four, twelve and 16 keys.

The fields of application are e.g.:

- Cash-point dispensers
- Access-Controll
- Weighing stations in production environments

Special attributes:

- The Storm 1000 series is particularly characterised by the substantial design from poured steel (rated IP 67)
- An extra plain intergation of the engraved keys in the frontpanel don't allow them to be pulled out.
  The patented key mechanics with good tactile feedback guarantee an easy handling.
- The keyboards have an extremely high lifespan of more than 4 Mio. operations.
