Description

- 2 Keys can be connected to the controller.
- Effect principle capacitiv
- Easily built-in
- Equiped with SMD technique on backside
- Compatible for DOS or Windows 95/98 or NT

Specification**Mechanical data**

Dimensions: 65 x 49 x 5 mm
Color: black

Electric Data

Operating Voltage: 5 V

Environment

Operating Temperature: from -20 °C to +50 °C
Storage Temperature: from -30 °C to +60 °C

Order Information

Since this touchpad has been designed to be integrated into a complete system, the mouse is usually connected to another PCB via a flat ribbon cable.

In order to connect the touchpad directly to a PC, the connector kit offers a complete set of PCB and cables for up to 2 external switches.
